

KLove Christian radio is not a luxury but a necessity for us in the San Antonio area. To not have KLove (if it were displaced by a LPFM broadcaster) would be devastating to those of us who receive the continual spiritual support it provides. KLove's continued presence is imperative..its family friendly programming, encouraging messages, availability for one-on-one personal contact have changed lives! Their continual news updates, factual and unbiased, also make their continued presence a necessity/in the public interest.
